SWINE FLU INFORMATION: PORK IS SAFE TO EAT; MONTANA'S HOG FARMERS VIGILANT IN ON-FARM PRECAUTIONS

April 28, 2009, JORDAN, MT – *The Montana Pork Producers Council today issued the below statement regarding recently diagnosed U.S. cases of the swine influenza virus:*

“The Montana Pork Producers Council is aware of the current situation and concerns with cases of swine influenza in various states within the US.”

“It is our understanding that prel
